

LESS PAPERWORK - MORE VISIBILITY - with ProMark Portal

ProMark Portal is a new way to access the powerful and complex business logic in ProMark. The Portal eliminates the need for education and enables the use of ProMark to the entire company - even those who did not previously have access to ProMark.

Considerable advantages for the employee

- See personal status on worked time, overtime, flexi-time, holidays etc.
- Request holiday
- Further support for self-governing teams
 - Attendance plan (planned clock-in time)
 - Absence calendar (who is on holiday, day off or sick leave)

Considerable advantages for the manager

- Approval of employee holidays
- Approval and rejection of employee registrations
- Further support for self-governing teams
 - Attendance plan (planned clock-in time)
 - Absence calendar (who is on holiday, day off or sick leave)
- Less paperwork - more visibility

ProMark Portal is a 100% web-based intranet solution - i.e. no need to install any software on your pc.

You can display different ProMark information or functionality in the Portal according to function/role or personal preferences. That is POWER TO THE PEOPLE!

Take this opportunity to learn more about ProMark Portal or ProMark in general, and get the chance to win an iPod Classic - see more on the right.

Best regards
