EFFICIENT STAFF ROSTER PLANNING INCREASES FLEXIBILITY

THE CHALLENGE

- Too many manual processes in the payroll process
- No real-time overview of employee attendance and absence
- Improve planning of work schedules for all personnel to cover the different production runs within the company
- Need for securing access for relevant employees and guests only

PROJECT SCOPE AND SUCCESS CRITERIA

- Flexible registration of Time & Attendance for all employees via either portal or hardware terminals
- Facilitate smooth payroll handling via automated approval procedures and integration
- Avoid unidentified access to Becketts' premises

KEY MODULES

- Time & attendance registration (ProTime)
- Employee registrations via web portal and terminals (ProPortal and ProTerminal)
- ProPortal for management overview, approvals and absence-KPI
- Integration to the payroll system for transfer of payroll data (ProHost)
- Staff roster planning (ProRoster)
- Reporting (ProReport)
- Access control on all doors (ProAccess)

OUTCOMES

- Detailed registration of working hours and absence
- No buddy-clocking possible
- Efficient planning of the various shifts in the production while complying with working time rules
- Always updated overview of who is where – which is also very useful in case of fire
- Reliable figures and reports for better decisions

PRIMARY RESULTS

- Reduced administrative time in the payroll process
- Swift approval process for managers
- Less time spent on employee scheduling in the planning department, while ensuring efficient use of resources
