

CHEMRING COUNTERMEASURES

ABOUT CHEMRING COUNTERMEASURES

Chemring Countermeasures Ltd is a world leader in comprehensive threat weapon systems and missile countermeasure solutions. Chemring specialises in the design, manufacture and worldwide distribution of a comprehensive range of RF (Radio Frequency) and IR (Infra Red) decoy cartridges for airborne, naval and land applications across the entire electromagnetic spectrum.

The manufacturing site in the South of England is located at the High Post near Salisbury, housing extensive IR decoy manufacturing and RF decoy manufacturing facilities and a Technology Centre.

The company is committed to working in partnership with its customers from assisting in the definition of their requirements, through product development and manufacture, to providing total support throughout the life cycle of the products.

QUOTES – CHEMRING COUNTERMEASURES

- *“Mark Information delivered on its commitment and compensated with additional consultancy days Free of Charge without hesitation due to minor issues and delays.”*
- *“ProMark has streamlined our time and attendance process and has contributed to a more effective wages process also including new terminals.”*

SIMON MORLEY, IT MANAGER, CHEMRING COUNTERMEASURES

CHEMRING COUNTERMEASURES: T&A WITH INTEGRATION TO SAGE 50 PAYROLL

THE CHALLENGE

- To capture employee's working time correctly
- To create an easy overview for managers of absence and exceptions
- To simplify T & A processes for employees and HR & Payroll
- To replace obsolete old terminals

KEY METHODS

- ProTerminal with HID identification of employees
- ProTime
- ProNotify
- ProReport
- ProHost integration to Sage 50
- ProPortal

PROJECT SCOPE AND SUCCESS CRITERIA

- Configuration of Payroll schemes
- Setup of terminals with HID reader identification using existing access cards
- Setup of web ProPortal to provide a management view
- Use of SQL database
- Integration to Sage 50 payroll

OUTCOMES

- Better ongoing overview of employee absence through automatic Manager notification and easier overview via web portal
- Correct collection of working times
- Lean T & A processes leaving time for more value generating activities
- Correct remuneration of Payroll

PRIMARY RESULTS

- The administrative costs have been reduced
- Managers have obtained a full overview of employee absence and availability
- More user-friendly administration of T&A processes and Payroll processes
