PLANNING WITH INSIGHT AND CARE

THE CHALLENGE

- Demand for increased efficiency in order to stay competitive in a tough market
- Increased use of IT is a prerequisite for offering safe and efficient distribution of goods
- Insufficient overview of resources

PROJECT SCOPE AND SUCCESS CRITERIA

- The solution supports approx. 150 registrants
- A coherent IT solution
- Focus on user-friendliness as the solution must be easy to use in everyday life
- Increased use of data in order to be more at the forefront of developments

KEY METHODS

- Online staff roster planning and ongoing adjustment (ProRoster)
- T&A and absence registration via LAN terminals (ProTime) and mobile app (ProMobile)
- Notifications and reporting
- Web portal for management and administration
- Integration to payroll & ERP systems and other internal business systems

OUTCOMES

- Better overview of resources has streamlined the planning task – even in case of deviations
- Better management of collective agreements – also for temporary workers
- Better follow-up on the company policy in relation to overtime, illness etc.
- Real-time data for invoicing
- Due care through analyses

PRIMARY RESULTS

- Better overview of resources
- Increased efficiency
- Increased agility
