What does HR and Chandler Bing from "Friends" have in common?

When did you last explain your job to anyone?
And was it hard?

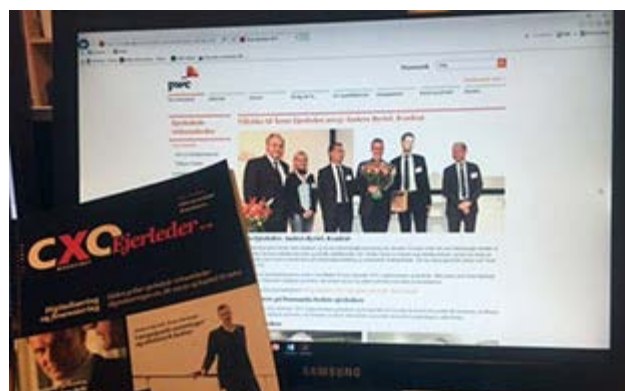

As an inspiration we have asked a number of HR managers to tell us how they tell about their job in HR to friends, family and colleagues?"

That has resulted in some good explanations.

Read 6 personal bids and an explanation of what HR people have in common with Chandler Bing from "Friends".

Among the best owner-managed companies in Denmark

The latest issue of the Danish CXO magazine – a magazine for top executives published by PwC – provides an overview of the approx. 120 best owner-managers in Denmark, by region and industry.

We are very proud that Mark Information is on the list in 2016!

The result is based on an analysis of the financial results of 6,000 Danish owner-managed companies of which approx. 120 were invited to a personal interview before the winner was finally found. The prize was awarded for the 12th time this year.

The analysis was conducted by PwC in collaboration with Nykredit (one of Denmark's leading financial services groups), the Danish Chamber of Commerce and Finans (a Danish online business

newspaper).
