Dear

It is Christmas time and we would like to thank you for all contact and interesting dialogues during the year. We look forward to another exciting year in 2017 – and can already promise that it will offer even more new opportunities.

2016 has been a busy year for most people – and also for us in Mark Information. Here are some highlights from the year:

- **10 new versions** of ProMark with more new features than ever before and a modernized ProMark platform
- A number of **new customers** including APC Overnight, CEVA Logistics, GF Forsikring, Grafisk Maskinfabrik, Hand 2 Mouth, JN Data, Konga Mekaniska, Lantmännen Lantbruk, Nykredit, SPX, Sydtrafik, VikingGenetics, Vital Petfood Group – and more are on their way
- **New website** and **customer portal** with self-service
- A number of popular **webinars** on features in ProMark
- Extended [series of articles on Workforce Management](#)
- Several important **recognitions**: We are among the [20 most promising technology suppliers to the food & beverage industry](#) and among the best owner-managed companies in Denmark. Additionally, we are one of the 18 vendors that Gartner has selected for their "[Market Guide for Workforce Management Applications](#)"

In other words, a lot has happened in relation to ProMark – and the journey continues!

But for now, we will enjoy the Christmas season and wish you and your family a Merry Christmas and a Happy New Year in the hope of a prosperous 2017!

Yours sincerely,  
Torkel Orlík
