## Make everyday life easier with our new ProMark services

Time is a scarce resource in many companies. Therefore, we are launching a range of new services that make everyday life with ProMark easier for our customers and free up time for other value-creating tasks.

### THE NEW SERVICES INCLUDE:

- [SuperuserService](#) – where you let us manage the ongoing setup and daily tasks in ProMark
- Hosting of the application on [ProMark Private Cloud](#) – to ensure a stable operation of your ProMark server
- [Application Management Service](#) – where we handle the daily IT operation and monitors a number of services and modules in your ProMark solution
- [HardwareService](#) – which allows you to extend the warranty on your hardware and thus avoid unexpected expenses for repair

You can find more details on the various options on our website. And if you want to know how our new services can ease the daily operation of ProMark at your company, we are always ready to discuss your specific needs.

[MORE INFORMATION ABOUT ALL THE OPTIONS...](#)

## Expansion of Customer Care

Gitte Eskesen has just joined our Customer Care & Consulting team.

Gitte has many years of experience with ProMark

## New support consultant Gitte Eskesen

from working as ProMark responsible at different companies which puts her in an excellent position to support and expand the relationship with our customers.
