QUOTES

“ProMark has really facilitated our administration. It is now extremely easy to enter and leave for each individual as well as for the administration.”

“Implementation of ProMark was easy and painless – Mark Information not only provided a speedy implementation. They also made sure that we had the necessary know-how to be able to manage the system ourselves.”

“Through time registration we now have a complete view of employee-related issues which has freed up time for other tasks.”

DISTRIBUTION AT THE RIGHT TIME AND TO THE RIGHT PLACE USING THE NECESSARY RESOURCES!

THE CHALLENGE

- Payroll processes were very time consuming
- Need for more accurate wages
- Roster planning was very laborious and at times inaccurate
- Administration of keys for more than 700 employees was tedious and time consuming

PROJECT SCOPE AND SUCCESS CRITERIA

- Time reduction and clarification of payroll processes
- Expedient and efficient roster planning
- Simple administration of access from one central employee database

KEY METHODS

- Implementation of ProTime for T&A via ProPortal and ProTerminal
- Implementation of ProManagement for rostering
- Installation of ProAccess access control using magnetic cards instead of keys
- Integration to payroll system

NEW POSSIBILITIES

- Payroll processes are now faster to carry out and the payroll basis is accurate via ProTime registrations
- Better use of employee working time through efficient rostering
- Access control managed centrally and using the same employee database as ProTime and Pro-Management – making the administration of access control simple and manageable.
