

Merry Christmas to you and your family

Christmas is just around the corner with time for relaxation and enjoyment on top of a – for most people – hectic period.

During the year we have put a lot of effort into the modernisation journey that we invite all customers to join. And it doesn't stop here! There is much more useful functionality on the way, so there will be plenty of new things to talk about in the new year as well.

Merry Christmas to you and your family and best wishes for the new year!

Best regards,
Torkel Orlík
